neighborhood  
Christmas light  
displays*

## Official Voter's Ballot

| Award               | Explanation                                                          | Addresses of favorites | Notes |
|---------------------|----------------------------------------------------------------------|------------------------|-------|
| The White Christmas | Prettiest, all - white light display.                                |                        |       |
| The Gingerbread     | Sweet and simple light design - you'd eat it up!                     |                        |       |
| The Candy Cane Lane | Red and white and candy canes abound.                                |                        |       |
| The Rainbow-Brite   | The most colorful light display.                                     |                        |       |
| The Griswold        | So many lights you're not sure how they haven't flipped the breaker. |                        |       |

## Official Voter's Ballot

| Award               | Explanation                                                          | Addresses of favorites | Notes |
|---------------------|----------------------------------------------------------------------|------------------------|-------|
| The White Christmas | Prettiest, all - white light display.                                |                        |       |
| The Gingerbread     | Sweet and simple light design - you'd eat it up!                     |                        |       |
| The Candy Cane Lane | Red and white and candy canes abound.                                |                        |       |
| The Rainbow-Brite   | The most colorful light display.                                     |                        |       |
| The Griswold        | So many lights you're not sure how they haven't flipped the breaker. |                        |       |
